CHRISTOPHER CUNY, PE

President – CAPCO

Chris Cuny brings 37-years of senior level project management experience to the firm. As President, Mr. Cuny is responsible for the management and oversight of complex projects throughout various industries. In addition, his political experience is utilized in dealing with the various governmental entities and agencies at the federal, state and local level.

Chris's broad expertise includes project management (from design phase through construction) of projects ranging from international infrastructure rehabilitation and construction programs in developing countries to environmental remediation and rehabilitation projects in the petro-chemical industry. He also served as an independent owner's representative for numerous design/build projects. Mr. Cuny's expertise also includes experience as Vice President of International operations for an environmental design/build remediation firm, and construction manager for the City of Sarajevo Emergency water treatment plant constructed during the Bosnian Serbian civil conflict.
